

## Aluminum T Bar

[View Details](#)

### Introduction

---

Aluminum Tee products (also known as "T-Bar") have above-average corrosion resistance and good machinability, and are excellent for welding. Aluminum T Bar also provide ease of assembly, adaptability to changes, and damage management designs for better overall performance. These aluminum products excel in a wide variety of applications due to their fine finish and high strength-to-weight ratio.

### Classification

---

Aluminum Bar

### Product Description

## Products Description

The most widely used aluminum material, 6061, is manufactured into everything from pipe fittings and containers to automotive and aerospace components. It is strong and corrosion resistant, yet easy to machine and weld. 6061 Aluminum T Bar is the most commonly used aluminum profile in structural applications, and 6063 Aluminum T Bar is popular in architectural applications. Aluminum T bar is also easy to assemble, adapt to changes and resist damage

<b>Product Name</b>	Aluminum T Bar
<b>Grade</b>	1000-8000 series
<b>Standard</b>	AISI, ASTM, BS, DIN, EN, GB, JIS
<b>Material</b>	Alloy Aluminum
<b>Temper</b>	T3, T4, T5, T6
<b>Surface Treatment</b>	Anodize, Mill Finish, electrophoresis, powder coating, P VDF coating, wood grain painting, matted, etc.
<b>Alloy or not</b>	Is Alloy
<b>Length</b>	As Request
<b>Yield Strength</b>	35000 psi
<b>Processing Service</b>	Bending, Decoiling, Welding, Punching, Cutting
<b>Certificate</b>	ISO 9001

## F A Q S

**Q:What kind of work does your company do?**

**A:Our company is a professional manufacturer.**

**We mainly produces aluminum products, aluminum plate/sheet, aluminum coil/strip/foil, aluminum pipe, aluminum bar, and aluminum profiles, also color coated aluminum coil/sheet/foil/profiles.**

**Q:What is your terms of payment?**

**A:We accept T/T, L/C, etc.**

**The payment method can be negotiated by both parties according to the actual situation.**

**Q:What are the advantages of your company?**

**A:(1): Prime quality and reasonable price.**

**(2): Wide excellent experiences with after-sale service.**

**(3): Every process will be checked by responsible QC which insures every product's quality.**

**(4): Professional packing teams which keep every packing safely.**

**(5): Trial order can be done in one week.**

**(6): Samples can be customized as your requirements.**

**Q:How long is your delivery time?**

**A:Generally it is 3-7 days if the goods are in stock or it is 7-15 days if the goods are not in stock, it is according to quantity.**

**Q:Do you provide free samples?**

**A:Yes, we can provide free sample for testing, buyer should bear all the shipping costs.**
